Since his contract with Fox News was terminated, he has hosted **Tucker** on X, and now famous for his Putin interview. Since when even more questions are being asked about his status as an independent Journalist.

Who was it that released a much shortened transcript of the Putin interview – giving the impression that was it? Which was circulated in the alternative media, was this a ruse to discredit those on the other side after the real interview of over 2 hours was released much later?

Click here for a Bitchute video showing Tucker's strong connection to the ruling families.

35 minute exposé.

Everyone has to fit in to the system somehow and is therefore to some extent controlled, but equally no one is 100% controlled. He might for example be a Republican and hope to get points with the Trump campaign. No one is simply here with no history and no connections. If he's an insider then great that the insiders are battling with each other and some want the wars over.

He is an insider alright

“So Tucker isn't just American royalty in one line or two, but dozens. He grew up at the La Jolla Beach and Tennis Club, his childhood house being next door. His family owned houses in three states and also Canada, and owned two islands. It got even better when Tucker was ten, since his dad then married the Swanson heiress. Giving them property in a dozen states. Tucker went to posh boarding schools in Switzerland and Rhode Island, then to college at Trinity College, Connecticut. At Trinity he was a member of the Dan White club, supposedly in reference to the Dan White who killed Harvey Milk. But since we know that was fake, this club was just an Intelligence Club. We have more proof of that, since they admit Tucker applied to the CIA right after graduation. We are told he was rejected, but we have no evidence of that. My assumption is he wasn't

rejected. But of course they have to tell you these people (young agents) were rejected, to keep their cover from being blown. "No, he doesn't work for us, we swear!" We aren't told on what grounds he was rejected. Possibly flat feet. Or maybe he asked for an aspirin, like Jack Kerouac. He immediately went to work for the Heritage Foundation, a CIA front, proving my point. It was soon acquired by the Hoover Institute, another CIA front, explaining why Tucker is always interviewing Hoover blowhard and covert fascist Victor Davis Hanson to this day."

Quite so Pete, I think that the enemy is using TC's interview with Putin, to condition the public that the Ukraine has lost the war, after blatant lies it was winning. Thanks for the Mathis link.

Quite true Tap, we are all part of the matrix, to a lesser or greater degree. its the satanic Edomites who have taken control of most western governments that is the problem, like chameleons they blend in with host nations with their evil DNA .

Tucker is CIA, Putin is KGB/FSB, so it was a cosy spook chat. You can't help but think that the spooks work for the big boys and wonder whether they are really "opposed" to one another at all. Or are they really on the same team? CIA, MI6, Mossad, FSB etc etc, how to tell them apart? Who do they really work for? Certainly not you or me.....

Whatever, it was certainly an educational chat. Particularly so for the Yanks who had never seen, or heard, Putin before, probably most of them. That is if they bothered to listen of course, most didn't I imagine. Because lots of the chat was over their heads, and that long Russian history lesson at the start was well out of their sound bite, snap judgement, comfort zone

The cognitive dissonance must have been off the charts for those that did last the course too. Here was an intelligent, thoughtful, calm and collected leader that could talk for two plus hours without notes or a teleprompter. Quite a contrast to President Joke who can't last 5 minutes without shooting himself in the foot

After listening to Putin then, I couldn't help wondering just how real the Ukie war is too. Everything we hear about action, casualties etc etc is based on reportage, or assertion if you like. Yes we can see blown up buildings and the like, but what does that prove? How do we know for sure about anything else?

Mathis has repeatedly shown that WW2 battles and events were very often just media stories, with ZERO verifiable info, particularly the ones in remote locations. His long "Pacific Theatre" series by a Brit guest writer, Lestrade, is absolutely stunning in that respect. There are 19 long and very revealing papers culminating with this one:

Pacific Theatre

Part 19: Iwo Jima & the Bombing of Japan

In which we reach the conclusion and discover a plot twist worthy of a Bob Hoskins film noir.

by Lestrade aka Unpopular Opinion

<http://mileswmthis.com/pacthe19.pdf>

The whole series is relentless and it is fascinating to see Lestrade get more and more awake as the series progresses. The ridiculous stories that they expect us to believe

Mathis does the same for Europe in some of his own papers. Often the places demolished by bombs were slums scheduled for replacement anyway. They usually didn't bomb the factories in Germany, because the ultimate owners were in Wall Street, or the City of London!

All the world is a stage, nothing is as it seems
